PROFILE

Hello, I am Mohammed Sameer Ahmed and I am a full stack (MERN /MEAN) web developer. I live and work somewhere warm. I spend most of my day, experimenting with HTML, CSS, and JavaScript (and its endless list of frameworks) and dev. Developing APIs with ExpressJS, Nodejs and the design the database using MongoDB , and integrating SPA(Single Page Applications) web applications across multiple APIs, third-party integrations, and databases.

Passionate and hardworking with a penchant for developing customized interfaces that factor in unique demands for accessibility, reachability, and security. I enjoy coding and the challenge of learning something new every day.
